

Little Learners Child Care Development Center

On-Site Childcare for
Mendon-Upton Regional School District Staff and Community

Child Development Center

The Little Learners Child Development Center, which opened in August 2004, is a comprehensive program offering children warm, positive adult-child environment and consistent routines. It is a place where young children come to grow, learn, and develop. Parents and guardians can be assured that their children are safe and secure.

Our E.E.C. certified staff is committed to exceeding your expectations. We are all certified in CPR and first aid. Our caring, nurturing, creative staff is an integral part of our program. Mrs. Kathy Moore, our Center Director, will be happy to answer any questions you may have.

Our Vision

Little Learners Child Development Center is dedicated to serving the needs of children and their families in an educational setting. Our full time, year round program provides families with the childcare they need. The children spend their day in small groups within a stimulating environment designed for learning and nurturing.

We believe that children are curious, competent and capable; they are Little Learners! The tools for our work include the theory of “multiple intelligences” where linguistic, musical, spatial, physical, mathematical, naturalist, and personal skills are all valued.

Our curriculum engages children as active learners who gain knowledge through daily explorations of the world around them; choosing, exploring, practicing, transforming and experimenting.

Our teachers help children increase self-concept, enlarge language development, enrich social skills and improve physical development.

Our learning environment is filled with developmentally appropriate materials, including toys, art, music, and reading supplies. The program is designed to complement the experiences and home environment of each child.

Our Pre-School Classroom follows *Tools of the Mind* curriculum with emphasis on self-regulation and independence. For more information on this curriculum, please visit: www.toolsofthemind.org.

Friends, Fun and Learning!

Our Little Learners have the opportunity to build friendships, have fun and learn while participating in both on and off site activities.

Our most popular on-site activities include special theme days, jaunts through sprinklers, our music and movement program, picnics, sledding, school concerts and plays, and an end of the school year celebration.

Off-site events include trips to the zoo, apple picking, pumpkin picking, hayrides and to the library.

A monthly newsletter is provided for you with information to keep at hand!

Enrollment and Daycare Information:

If you are interested in placing your child(ren) on a waiting list, enrollment applications are available at Little Learner's or by contacting Mrs. Kathy Moore, Director, at 508-473-1116 or kmoore@mursd.org.

There is a \$100 registration fee (\$50 non-refundable).
